

# Your Donation to Blindaid Africa

Providing the tools for learning and living for blind young people in Africa

Blindaid Africa continually needs donations so that it can further assist blind young Africans to participate actively and effectively in the educational opportunities available in their own countries. We do not believe in setting minimum amounts but can tell you that £25 (about \$40) enables us to equip one student with a range of equipment including a secondhand manual typewriter, a radio cassette recorder, blank tapes, a cassette head cleaner and headphones. We also supply educational audio books and cassette tape copying equipment to schools, as well as recreational, mobility and sports equipment.

One of the best ways for you to assist us financially is to transfer funds directly to our bank account, either as a single payment or a monthly or quarterly standing order. Our bank account details are:

Bank: Lloyds TSB UK Bank Sort Code 30-95-67  
Account Name: Blindaid Africa Account Number: 00401980  
Bank Address: 2 Silver Street, Midsomer Norton, Radstock BA3 2HB, England, UK

If you are a United Kingdom taxpayer, then Blindaid Africa can claim twenty eight pence in Gift Aid from the government for each pound donated. If this applies, please tick this box and complete the name and address panel below.
